

MORE POWER – WITH YOU!

Dual Study in electrical engineering and information technology

Smart Battery Solutions GmbH is an innovative company based in Kleinostheim. We develop and produce intelligent battery systems for many applications, such as emergency systems, cordless screwdrivers, medical technology, e-bikes and electric vehicles.

Our repeated achievement as a growth champion in a study by Focus and Statista show that we always think one step ahead. Choose us and become a part of the future success story of Smart Battery Solutions GmbH together with us!

YOUR TASKS:

- Gain the most important basics in the disciplines of electrical engineering and information technology and apply them in practice
- Application of the knowledge in the different areas of our battery development (project management, hardware, firmware, construction, prototyping)
- Learning about our innovative products
- Working independently on internal projects
- Work and present your own achievements

YOU OFFER US:

- University entrance qualification for studies at the TH Aschaffenburg
- Strong interest in mathematics, physics, electrical engineering and computer science
- Ideally completed professional training in the field of electrical engineering or a comparable training profession
- Good knowledge of the MS-Office applications
- Good command of English
- Independent and proactive approach to work

WE OFFER YOU:

- Together with the TH Aschaffenburg, we prepare you for professional life in an innovative environment
- We offer you excellent development opportunities in a promising growth market
- You will work on exciting and highly varied tasks
- You will gain a broad insight into the company's activities and the associated day-to-day business.
- We offer you many employee benefits, such as free drinks and fresh fruit.
- We are a company with a start-up atmosphere, a "You culture", easy and uncomplicated communication channels and helpful colleagues.

Sounds good to you? - Then become part of our fast-growing company and apply!

Please only send us application documents in pdf format and let us know your salary expectations and earliest possible start date.
