

UniPower Series

Ready to use & easy to adapt

POWER WHEREVER YOU WANT

UniPower Series

Flexible Power and Control

The UniPower series is our ready to use universal battery system with the additional benefit of an individual configuration. The series offers 4 different sizes and many configuration options for a quick and flexible solution.

Cluster @ system level

Industrial systems with different connector options
Round cells for high safety and flexibility
Communication via CAN

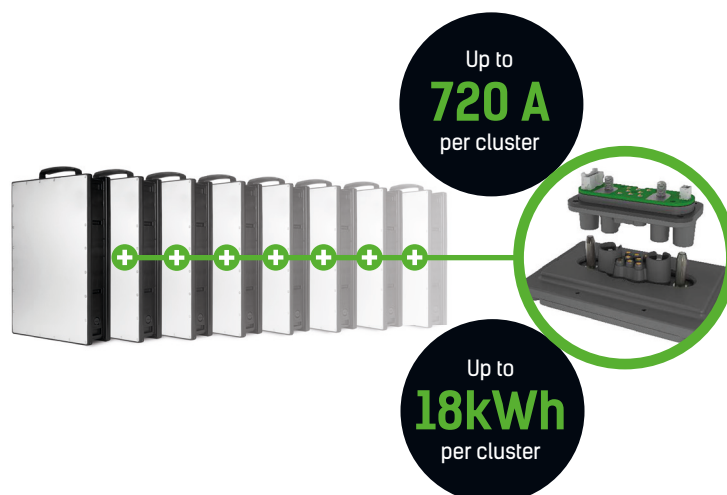

Smart Cluster

Up to 8 packs
Interchangeable battery system
High energy density (180Wh/kg) on battery level

Dimension l/w/h (mm)	308 x 80 x 215	265 x 75 x 377	228 x 75 x 377	269 x 81 x 391
Weight (kg)	6,1	11,5	9,2	12,2
Voltage classes (V)	24/36/48	24/48	24/36/48	24/36/48
Max. energy (Wh)	1.013	2.026	1.632	2.630
Max. discharge current (A)	30	60	65	90
Chemistry	Lithium-Ion	Lithium-Ion	Lithium-Ion	Lithium-Ion or LFP

UniPower Smart Cluster

- 1 to 8 batteries parallel
- SBS Smart Connector for perfect communication as one battery
- Easy integration in your system
- Easy interchangeable no matter what SOC

**UniPower batteries.
Your fast, flexible and
professional solution.**

POWER WHEREVER YOU WANT

Power wherever you want.

Our Service for your performance

We define our company as your partner for every lithium battery need.
A standard battery system or a customized solution – our 360° offer makes everything possible.
